## Stuff we love to hear...

"I liked that there was a variety of activities every day; the kids were never bored, and usually complained when I had to pick them up (they didn't want to leave)."

"The variety of activities inside and out as well as the consistency in teachers and counselors from the school year helps a lot with the transition to camp for the former kindergartners."

"I knew it would be good. I like the program and staff and the comfortable-ness of coming each year. I know it's going to be good."

"I have observed other camps and was kind of appalled at the lack of interac-tion and supervision the children got from the counselors. I think Super Summer Adventure has just the right balance of structure and free play and the staff is excellent!"

"I really wanted my kids to participate in the gymnastics program (great idea), but couldn't tear them away from the other activities."

"Good, energetic, happy counselors!"

"It is really nice as a parent to know that the Super Summer Adventure Camp is a totally safe and familiar place for our kids to be with counselors they know and like."

"Year after year, we send our son to the Super Summer Adventure Camp. This camp offers it all - art, science, crafts, outdoor play, great field trips and wonderful staff members who return every summer. We couldn't ask for a better summer experience!"
